O'spa

A luxury spa experience in the heart of the Mediterranean

The third largest island in the Mediterranean, Cyprus is known for its stunning natural beauty and favorable climate. In an environment where comfort and nature harmoniously intertwine with health and wellbeing, many fitness devotees are drawn to the island's year-round sunshine and blue skies, as well as the myriad of options available for healthy living. From the abundance of fresh, local produce bursting with flavor – with the added bonus of enjoying al fresco dining amid the panoramic sea and mountain views – to the countless activities and pursuits one can enjoy outdoors, including hiking and cycling, swimming and diving, Cyprus truly acts as a soothing balm to the senses.

The city of Paphos, located on the southwestern coast of Cyprus, is a particularly popular destination, thanks to its rugged natural beauty and UNESCO World Heritage Sites that include spectacular ancient ruins and picturesque villages. Visitors can complement their pampering spa experiences with fresh air and exercise, year round. Whether you want to take a dip in the refreshing waters of the Mediterranean, hike through dense forests, or cycle through ancient sites and soak up some history, there is no better place to escape the stresses of daily life and emerge refreshed and rejuvenated.

The hotel achieves this peaceful setting via a harmonious blend of luxury, tranquility and seclusion, as well as by taking care of guests' every need in order to ensure their needs are met and exceeded at all times. The grand beauty of the interiors, including impressive stone colonnades, stunning mosaics and ambient waterfalls and pools is further enhanced by the discreet and gracious welcome guests receive upon entering the hotel premises. Reinforcing its promise to consistently offer a 'sanctuary for the body and soul,' the Elysium sets the absolute gold standard with its world-class Spa, offering visitors an entirely unique experience that is perfect in every way.
